

Southwest District Key Club International Convention Tour

- TRAVEL RELEASE -

In connection with Southwest District's Key Club International Convention Tour, my student has permission to travel in a professional bus/coach, airplane, public transportation, ride-share, or in a private vehicle driven by a Southwest District Key Club Admin Team member or an assigned adult (the "Volunteer Driver").

I understand every effort is made to ensure a safe trip, but accidents, delays, and missed connections may happen. I agree to hold harmless all Volunteer Drivers, Southwest District Key Club, Southwest District Kiwanis, Kiwanis International and Key Club International for any harm that may occur.

I understand my student and I are solely responsible for getting my student to the airport in time for travel to Orlando. Should my student miss the flight to Orlando, I understand I will be solely responsible for making alternative flight arrangements at my expenses and no refunds of tour fees will be made should alternative arrangements be unavailable or unfeasible. For those on the Southwest Airlines group flight from Phoenix Sky Harbor, please be aware under SWA group travel policies there is no credit given for missed flights.

If student is not traveling with the group from Phoenix Sky Harbor, separate ground transportation may need to be made between the airport and hotel in Orlando. Please use the space below to indicate how student will be getting to and from the airport:

I give permission for emergency transport, evaluation, and treatment of my child should it be necessary. I agree to reimburse the Southwest District for any expenses they incur as a result of the emergency transport, evaluation, and treatment of my child.

Effort will be made to contact me in advance at the phone number listed below. Please note the following **significant allergies/allergic reactions, medical conditions, and/or other considerations we should be aware of when transporting your student:** *(if none, write none)*

Special Notes/Considerations: _____

Student:
